

Long, Heavy Hair?

Then treat your hair well. See that it is properly fed. Growth of every kind demands proper food. Starved hair splits at the ends, turns prematurely gray, keeps short and dry. Then feed your hair. Feed it with proper food, a regular hair-food. Feed it with Ayer's Hair Vigor. Thus help nature all you possibly can toward giving you rich, heavy, luxuriant hair. Ask your doctor aboutyour hair and about Ayer's Hair Vigor. Follow his advice.

Ayer's Hair Viger DOES NOT COLOR THE HAIR

DROWNS IN BREAKERS

PLANTATION MANAGER SEES CHARLES BENSON SINK TO DEATH.

(Mail Special to The Advertiser.) WAILUKU, Maui, March 14 .- This morning, Manager Penhallow, of the Wailuku Sugar Company, while looking from his beach house at Wailuku, saw Charles Benson, a nephew of T. Benson of this place, jump from his boat outside of the breakers and swim about in the water. He paid little at-tention until he saw a splash and the man threw up his hands and disappear-

ed from sight.

Mr. Penhallow promptly reported the matter to the police station at Wai-luku and Deputy Sheriff Ferreira hur-ried over to the scene in the sheriff's automobile. Benson's boat was found floating bottom upwards, but there was no sign of the unfortunate man at that

Mr. Benson had met with an accident Mr. Bonson had met with an accident resulting in a broken leg while working on the Hilo breakwater and was a comparative stranger in Wailuku. He had gone out to fish, leaving the house at about half-past five in the morning and the accident happened soon after he had passed into deep water.

The place is known to be infested with sharks and as the police were unable to find the body at the place of the accident it was thought that sharks had got away with it, parieularly as a big

(Mail Special to The Advertiser.) HILO, March 13.—There was a very

important meeting of the four managers of the different telephone concerns of Hawati, on Friday last. Managers E. E. Richards, Joseph Pritchard, L. A. Id the debate on the fortifications August and George Tulloch, of the Hilo. improve the Hamskun to Kau service that will be made into a metallic circuit. The consequence will be that in ried on.

Already the Hilo company has the metallic circuit installed as far as Honokan, and it will be continued right through before long. A "phantom" line will be used for wireless messages from Kawaihae, and either telephone or telegraph instruments can be used.

Where six or more wires are strung, and the metallic system is not in vogue. conversation on one line is heard on the other wires. This is caused by induc-tion, and can only be obviated by the installing of metallic circuit. All four managers are determined to

give the public the best possible service and they are working together for the common good of everybody.

The non-subscriber trouble is acute on Hawaii, according to the telephone people, and the number of calls that people, and the number of calls that are made by persons who really have no right to use a phone is very large. The telephone company is very liberal as re-gards the service allowed, but still anyone who has a phone seems to think that it is a public one, available to every-body. One remedy would be a slot system, but that can hardly be worked

Work on the new lines, and the changing of all-the lines to metallic circuits will proceed with rapidity and, before long, it wil be possibe to speak all around the island, without the annoyance of hearing fragments of half-ndown conversations in as many landown conversations in as many landown. a-dozen conversations in as many lan gunges, at the same time.

The artist wishes to begin work on the memorial at once; the committee are anxious to get the memorial as soon as possible, and Judge Dole is very desirous of closing the matter up before he leaves for his European trip. It is hoped that the balance of the funds will come in at once so that the order for the memorial may go forward

OFF WALLUKU SHORE at an early date.

The committee is gratified at the interest that Mr. E. H. von Ingen of New York, the donor of the original New York, the donor of the original to the Hampton, is showing in this plan to place a replica here. He has offered to take charge of all the details in the East, to inspect the memorial and to see if through the customhouse and on its way to Hawaii.
